

QUALITY AND ENVIRONMENTAL POLICY

Caffaro Spółka z ograniczoną odpowiedzialnością Spółka komandytowa is a leading Polish manufacturer of pulleys and tensioners.

The primary goal of the company is to continuously meet the needs, requirements and expectations of its customers while demonstrating concern for the natural environment by undertaking **actions aimed at achieving and maintaining sustainable development in its three dimensions: economic, social and environmental**

In order to maintain and develop the quality of our services and ensure environmental protection, we set ourselves the following goals:

- Maintaining high product quality,
- Ensuring customer satisfaction,
- Collaborating with suppliers who meet our requirements,
- Expanding new markets,
- Monitoring and improving processes within the implemented management system,
- Preventing environmental pollution by limiting the use of, and where possible eliminating, environmentally harmful substances,
- Applying technical, technological, and organizational solutions that reduce process nuisance at source and ensure rational and environmentally friendly waste management,
- Compliance with the Labor Code and ensuring continuous improvement in occupational health and safety conditions,
- Engaging all employees in implementing the quality and environmental policy and improving their competencies.

We declare our commitment to maintaining and continuously improving the effectiveness of our Integrated Management System, compliant with the requirements of ISO 9001:2015, ISO 14001:2015, and AQAP2110:2016. We declare our compliance with all applicable requirements, including legal and regulatory requirements relating to the environment, and the allocation of the necessary resources to implement our adopted Quality and Environmental Policy.
